

REVIEWER ACKNOWLEDGEMENT

Open Access

# Thanks to all those who reviewed for *European Journal of Medical Research* in 2015

Dieter Häussinger<sup>1</sup> and Johannes Waltenberger<sup>2,3,4\*</sup>

A peer-reviewed journal would not survive without the generous time and insightful comments of the reviewers, whose efforts often go unrecognized. Although final decisions are always editorial, they are greatly facilitated by the deeper technical knowledge, scientific insights, understanding of social consequences, and passion that reviewers bring to our deliberations. For these reasons, the Editors-in-Chief and staff of *European Journal of Medical Research* warmly thank the 243 reviewers whose comments helped to shape the journal, for their invaluable assistance with review of manuscripts in Volume 20 (2015).
